## Veterinary Declaration of Frontline & Deworming

*It is a requirement of Keringa for all pets staying in our Forest Log Cabin facilities, that Frontline and deworming be done at least 2 - 5 days prior to boarding (all such treatments have a validity of one month in accordance with our Internal regulations) for the protection of the pets. For the purposes of verification of authenticity, we require that this be done by a veterinarian and request that you assist your client by completing the declaration below in respect of the pets you treat.*

Veterinarian's Name: \_\_\_\_\_

Name of Veterinary Practice: \_\_\_\_\_

Name of Client: \_\_\_\_\_

### **DECLARATION:**

In my capacity as veterinarian to the above named client, I hereby confirm that I have applied both Frontline and dosed
